

Student Applicant Privacy Notice 2019-20

The New Collaborative Learning Trust vision is to create a culture of protecting privacy and personal data. Personal data is information which 'relates to and identifies a living individual'. Personal data should be adequate, relevant and limited to what is necessary.

DATA CONTROLLER AND COLLECTION

The organisation responsible for looking after your personal data (Data Controller) is the New Collaborative Learning Trust. Student application data for each college under the trust is managed centrally at New College Pontefract.

WHY DO WE COLLECT AND USE STUDENT APPLICANT INFORMATION?

We use student applicant data to assess an applicant's suitability for a programme of study, to assess if we are able to provide appropriate support, care and guidance, to ensure we meet all statutory requirements of SEND, safeguarding and equality & diversity. Our legal basis for processing is mostly to perform a contract under section 6(1)b of GDPR, but there are also a number of cases where information is required for a legal obligation (section 6(1)c), or because it protects the vital interests of the subject (section 6(1)d).

We use our admissions policy as a guide to ensure students meet the entry requirements set for each study programme offered; we do not undertake any other form of automated decision making. The College is committed to being transparent about how it collects, uses, stores and deletes data, and in meeting its data protection obligations.

COLLECTING STUDENT APPLICANT INFORMATION

The Learning Records Service will provide us with a unique learner number (ULN) and may provide with us with details about the applicant's learning or qualifications.

STORING STUDENT APPLICANT DATA (HOW LONG IS DATA HELD FOR)

We will hold all your application information for 2 years, in accordance with data protection legislation and current best practice. If a student enrolls at an NCLT college, this 'Student Applicant Privacy Notice' is superseded by the 'Student Privacy Notice'.

WHO DO WE SHARE STUDENT INFORMATION WITH?

We routinely share student information with the local authority and the current school of the applicant. Where necessary we may need to share information with health related/safeguarding services. **Otherwise, before sharing information with any other third party, we will either obtain your consent or establish that the sharing is necessary (which includes ensuring that the data shared is kept to a minimum), fair and otherwise within the law. We will not pass your information to third parties for direct marketing purposes.**
