### Part1- Student work

The photography work our students produce here at New College is very diverse in subject matter as we are really keen to work with students' individual interests. To give you an idea of the kind of images produced by previous New College students watch the following videos:

SHOWREEL 2014-15 [https://youtu.be/\\_DPCcl2yL6w](https://youtu.be/_DPCcl2yL6w)

SHOWREEL 2013-14 <https://youtu.be/v3YtNHHdJv0>

SHOWREEL 2012-13 <https://youtu.be/qJVZiYhEXCk>

Note down any ideas that you really like.

This should only take 10-15 minutes to complete.

### Part 2- History of Photography

It will be helpful to know a brief background of photography before you embark on your own projects.

Follow this weblink: <https://ed.ted.com/on/2XTqY1YG#watch>

Watch the video and then attempt to answer the questions on the website.

Make sure you enter your full name on the website so that we know who you are and who has completed the task.

### Part 3- Dead/Alive

When starting a new project, it is always important to gather ideas and inspiration. Follow

this weblink <https://uk.pinterest.com/lesleyhickling/alivedead/>

Look at the Pinterest board. It includes photographers and artists relating to the theme of 'Dead/Alive'. It includes photographers and artists to help inspire you and give you ideas for your own work.

Create a Pinterest account (if you don't already have one). Create a new board with the title 'Dead/Alive'.

'Pin' at least 20 images that you find interesting/inspiring to your new board.

You should spend a minimum of 1 hour on this.

### Part 4- Image analysis

Select 1 image from your Pinterest board that particularly appeals to you. Really study the image and take time to look at it in detail.

Try to find out who took the photo and write this down.

Now write a minimum of 1 paragraph in response to this image. When writing your paragraph you should try to answer the following questions:

- Who took the photograph
- What is the picture of
- What is your attention drawn to in the image
- What reaction do you have to the image
- What do you find particularly interesting about the image
- What could the image mean/what could it be about
- How could it relate to the theme of Dead/Alive
- What ideas has it given you for photographs that you would like to create

You will be asked to hand this in to your teacher in your first lesson and it will be marked in the first week of college.
