

Introductory Diploma in IT Summer Independent Learning (SIL)

The Cambridge Technical Level 3 Introductory Diploma SIL tasks can be found on the following link:

Single IT SIL Tasks

These tasks are designed to help you prepare for your new single IT course in Year 12 and to also help you to improve some of the independent study skills you will need to develop over time. This is a great opportunity for you to show your skills and interests!

Please bring a copy of the completed workbook to your first lesson at the start of Y12.

Help and Support

If you need any advice, or are unable to access the workbook, please e-mail nigel.hopkinson@nclt.ac.uk

We hope you enjoy the tasks and look forward to seeing you in September!
