

NEW COLLEGE PONTEFRACT

Careers Programme 2021/22

New College is committed to providing students with a high quality Careers Education and Guidance Service. Our aims include helping students to make informed and realistic decisions about their education and employment plans.

You will find careers support throughout the curriculum, and progression will be a key focus as part of your course. Progress Tutors support you as you plan your next steps after leaving college, whether you plan to go to university, an apprenticeship, or employment. They will encourage you to research your options and support you along the way.

In addition to Progress Tutors, we have the following staff available to support your progression beyond college:

Sarah Barber: Assistant Principal: Student Personal Development

Helen Lonsdale: Careers Lead, and Excellence Academy Tutor

Emma Chappell-Davies: Careers Adviser and Excellence Academy Progress Tutor

Jayne Ramskill: Work Placement Coordinator

Brian Coughlan: Oxbridge Coordinator

Mark Anderson: Raising Aspirations Programme Coordinator

Zoe Peters: Progression Officer (Go Higher West Yorkshire)

PLEASE NOTE: This programme is subject to change, especially given the difficult circumstances relating to the global Coronavirus pandemic. Every effort will be made to ensure students are given opportunities to make informed decisions, to gain meaningful experiences and encounters, and to receive support in preparation for their next steps.

The Careers Programme is made up four main strands:

1

SUBJECT-SPECIFIC EMPLOYER AND HE ENCOUNTERS/OPTIC

Subject areas are expected to integrate at least one employer encounter and one HE encounter for all students who study their course. This usually takes the form of a trip, workshop or visiting speaker.

2

TUTORIALS

Much of the careers programme is delivered through tutorials, where students can receive support on searching for potential career paths, and completing university and apprenticeship applications

3

PERSONAL GUIDANCE

All students have the opportunity to meet with a Careers Advisor for one-to-one careers appointments.

4

CORE PROGRAMME OF CAREER ACTIVITIES

This encompasses a wide range of activities and events that take place outside of subject lessons, including tutorials aimed at supporting students make informed decisions and supporting them in making applications to higher education, apprenticeships or employment. Details of the core programme are detailed over the page.
