

Areas of Learning and Development

Step two - choose an activity for each area chosen (above), for a child aged 2-5 years. Please use these links to aid ideas:

<https://www.pinterest.co.uk/>

<https://kidsactivitiesblog.com/24737/activities-for-two-year-olds/>

<https://www.goodhousekeeping.com/home/craft-ideas/g1389/diy-kids-activities/>

Step three – For each activity you need to:

- State what area of development your activity supports
 - Name of your activity
 - Have a picture of the activity
 - A resources list for the activity
- Step by step instructions on how to complete the activity (you could add more pictures here)

Task 2 – The start of your journal

You must research the key points of TWO of the following child development theories:

- Skinner's operant conditioning theory
- Chomsky's language development
- Piaget's stages of development
- Bowlby's key attachment theory

Using your research notes you will make a booklet that explains the key points of the two theories.

You can use the links below as reliable sources of secondary research information.

What am I actually being asked to do?

Explain = Set out in detail the meaning of something, with reasons. More difficult than describe or list, so it can help to give an example to show what you mean. Start by introducing the topic then give the 'how' or 'why'

Task 3

Key terminology of labour

What is a injection of syntonic used for:
Episiotomy is :
Contraction is:
The waters baby lives in:
Irregular and weak contractions, that tail off are called:
The head of the baby is down and into pelvis, this is known as and happens:
Placenta:

When the head is seen at the vagina opening it is known as:

The umbilical cord is:

Perineum is:

Once the cervix is fully dilated how many centimetres is this?

TASK 4

Your last task is to show an understanding of the development of a foetus during pregnancy. To do this you must describe the stages of development from conception to birth in the form of a poster. You can hand make your poster or create it on the computer.

Please include the following & use key words above:

- Three trimesters
- Diagram and description of what happens during each stage of pregnancy

You need to consider the following on your poster:

- Make it clear and eye catching
- Use of key words
- Pictures and diagrams
- Clearly identify and reference all secondary research

You have the summer to complete this task; it needs to be handed in on your first week at New College.

Have fun and enjoy. See you all very soon
