

Summer Independent Learning 2026 12 to 13

Prior to completing the academic year, you submitted your final pre-production portfolio for **Unit 4: Pre-Production Portfolio**.

In order to fully complete the unit, there is a requirement to submit a final outcome for the unit. As you developed a concept and then produced a range of pre-production materials for said idea it would be a shame if you didn't get a chance to implement your planning.

SIL Main Objective

Shoot Your Short Film

- Execute all of your planning, down to a 'T'
- Edit your project ensuring that there is a coherent narrative
 - I don't mind what editing software you use, so long as you can develop the short film effectively

As a reminder of your requirements, below is a snapshot of the original brief.

UNIT 4: PRE-PRODUCTION PORTFOLIO

Scenario: Your task is to develop a 1 minute short film for a genre of your choice. You must attempt to engage with your chosen genre by challenging or conforming to its conventions. You are being assessed on your organisation and planning of the production.

SHORT FILM REQUIREMENTS

- 60 seconds maximum duration
- Specific genre
- 2 characters max
- 2-3 locations
- Title and credits
- Exported for appropriate online use
