

As a continuation of your current Component 1 Personal Investigation projects, you should complete the following tasks:

Task 1 – Create a new Google Slides Document (A3) for Portfolio.

Using Google Slides, Copy and Paste your completed outcomes since the start of Component One into this new document.

How to: +New (in top left)>google slides >blank presentation (and set up the slide size to match A3 paper by doing the following)

File>Page set up>custom>29.7cm x 42cm. Apply

In the top left corner, change the title from Untitled presentation to Your name and Portfolio 2026. Share this with your teacher.

Task 2 – Artist research

Complete one in-depth artist research study that is directly linked to your Component 1 Personal Investigation. A band 5 example would:

- Demonstrate independent and insightful analysis (AO1)
- Make clear, purposeful links to personal investigation
- Use accurate art terminology and critical language

Task 3 – Photoshoot

Capture a minimum of 36 photographs that directly support your Component 1 Personal Investigation theme. Be purposeful and relevant to your ideas:

Consider:

- Subject matter linked to your theme
- Composition (e.g. framing, cropping, viewpoint)
- Quality of images: blurry images cannot be used for refined outcomes in September.
